

Accompaniment to authorities

e.g. immigration office, social welfare office, job center, employment office

- Have you ever had the feeling in a public authority that nobody understands you or wants to understand you?
- Have you ever been insulted or treated badly by an employee at a public authority?
- Have you ever felt alone or helpless in a public authority?
- Do you need a witness for an interview at a public authority? E.g. immigration office?

We are people who try to show solidarity in Hanover and accompany refugees to appointments with the authorities. That's why we are called **Hannover Solidarisch**. You can find us on the internet: www.hannover-solidarisch.de.

We are not from any authority or organization. We are not lawyers. We don't want money from you!

We want you to be treated well by the authorities!

We offer to accompany you.

You decide what you need help with.
